

ELPLLA / ELPLNA Parabolic Louver for EL Troffers

1-1/2" and 2-5/8" Aluminum Parabolic Louvers

ELPLLA2412BW-BB

Elegant Design

Ready to install parabolic louver. 2 x 2 and 2 x 4 available in white and semi specular. The A.L.P. Parabolic Louver family incorporates the latest materials and manufacturing process to ensure a crisp finish and long term durability.

Efficient Solution

Reducing louver cell height and cell count is one of the fastest ways to increase fixture efficiency. Match with A.L.P.'s universal 7000 Series Reflector family for easy lamp relocation and removal. Changing the louver material can add needed brightness or additional glare control as necessary.

Application

For use with standard Steel Craft EL housing.

Ordering Information

Please call 877-257-5841 for price and delivery.

ELPLLA / ELPLNA Parabolic Louver

2x2, 2x4

Specifications

Door Frame

Features positive latching mechanism for easy re-lamping.

Reflector

Multi-radii high reflectance white or specular silver reflector distributes light through both optical elements.

Luminaire Type

Fits standard Steel Craft EL housing 2X2' and 2X4'.

Lamps

1 or 2 T8 fluorescent reflector kits available.
